Learning Outcomes

Participants will be able to:

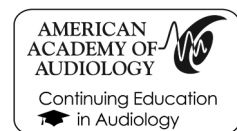

- Describe auditory brain development as the foundation for listening, language and literacy for all children
- Discuss the auditory basis of phonemic awareness, reading fluency and overall literacy development
- Identify distance hearing and incidental learning as they relate to classroom acoustics
- Describe the use of Signal-to-Noise ratio enhancing technologies
- Identify behaviors to observe in the classroom which indicate difficulties a child is having attending to auditory information
- Identify how to monitor middle ear disease in a classroom

This activity has been planned and implemented in accordance with the Essential Areas and policies of the Colorado Medical Society through the joint sponsorship of Wyoming Medical Center and St. John's Medical Center. Wyoming Medical Center is accredited by the Colorado Medical Society to provide continuing medical education for physicians. Wyoming Medical Center designates this live activity for a maximum of Up to 6 AMA PRA Category 1 CME credit(s)[™]. Physicians should only claim credit commensurate with the extent of their participation in the activity. Up to 6 credits of AMA PRA Category 1 credits[™] may be earned.

PTSB Professional Development Credits .5

6.0 STARS hours are available for attending this conference.

ASHA, AAA, and LSLs CEUs offered; Certificate of Attendance for Teachers.

The Children's Hearing Institute is approved by the American Academy of Audiology to offer Academy CEUs for this activity. The program is worth a maximum of 0.55 CEUs. Academy approval of this continuing education activity is based on course content only and does not imply endorsement of course content, specific products, or clinical procedure, or adherence of the event to the Academy's Code of Ethics. Any views that are presented are those of the presenter/CE Provider and not necessarily of the American Academy of Audiology.

The Children's Hearing Institute is approved by the Continuing Education Board of the American Speech-Language-Hearing Association (ASHA) to provide continuing education activities in speech-language pathology and audiology. See course information for number of ASHA CEUs, instructional level and content area. ASHA CE Provider approval does not imply endorsement of course content, specific products or clinical procedures.

This course is offered for 0.6 ASHA CEU's
(Intermediate Level, Professional Area)

Managing Hearing in Children

Friday, October 14, 2016
Teton Village, Wyoming

PROGRAM

- 8:00AM **Registration**
- 8:30AM **Welcome and description of Pediatric Audiology Project**
Berte Hirschfield, MSE
- 8:45AM **Developing the auditory brain for listening and learning**
Carol Flexer, PhD.
- 10:15AM **Coffee break/exhibits**
- 10:45AM **Maximizing acoustic accessibility for teaching curricular information**
Carol Flexer, PhD.
- 12:15PM **Lunch and exhibits**
- 1:15PM **Recognizing who needs help hearing in the classroom**
Jane R. Madell, PhD
- 2:45PM **The Abnormal Ear and Impacts on Learning**
Martin Trott, MD
- 3:15PM **Final words**
- 4:00PM **Conference closing**

Exhibitors will be present though out the conference
Sponsored by St. John's Hospital Foundation

Program Registration

Managing Hearing in Children
